Mr. Ross,

I hope this email finds you well.

I wanted to introduce myself as part of the Tennessee Valley Authority's Federal Government Relations team. We are based here in Washington and are glad to assist in any way that we can with information or assistance that might be helpful.

If you have availability in August, I would appreciate the opportunity to set up a meeting between you and TVA's Vice President of Environment and Energy Policy, Brenda Brickhouse.

Brenda oversees TVA's regulatory engagement and policy involving water, natural resources and environmental issues, among other areas.

Please let me know if there is a day that would work best for your schedule in the coming weeks.

Appreciate your consideration and look forward to hearing from you.

Thanks,

Mr. Ross,

I hope this email finds you well.

I wanted to introduce myself as part of the Tennessee Valley Authority's Federal Government Relations team. We are based here in Washington and are glad to assist in any way that we can with information or assistance that might be helpful.

If you have availability in August, I would appreciate the opportunity to set up a meeting between you and TVA's Vice President of Environment and Energy Policy, Brenda Brickhouse.

Brenda oversees TVA's regulatory engagement and policy involving water, natural resources and environmental issues, among other areas.

Please let me know if there is a day that would work best for your schedule in the coming weeks.

Appreciate your consideration and look forward to hearing from you.

Thanks,

Bevin

I was able to open the email chain associated with the meeting, and it appears the representative from TVA is coming in for a “meet and greet”. I have cut and paste the initial meeting request below and attached a copy of the chain of associated emails associated as FYI.

Given the general nature of the visit, Jeff will attend and represent OST.

Mr. Ross,

I hope this email finds you well.

I wanted to introduce myself as part of the Tennessee Valley Authority's Federal Government Relations team. We are based here in Washington and are glad to assist in any way that we can with information or assistance that might be helpful.

If you have availability in August, I would appreciate the opportunity to set up a meeting between you and TVA's Vice President of Environment and Energy Policy, Brenda Brickhouse.

Brenda oversees TVA's regulatory engagement and policy involving water, natural resources and environmental issues, among other areas.

Please let me know if there is a day that would work best for your schedule in the coming weeks.

Appreciate your consideration and look forward to hearing from you.

Thanks,

Hi Crystal –

My apologies for the delay; I was out of the office today.

Tomorrow, attending will be myself and Brenda Brickhouse, Vice President, Energy and Environment Policy.

We would like to meet with Mr. Ross to introduce ourselves, provide any background information on TVA that would be helpful, and then discuss the impact of current and potential regulations as they relate to TVA's generation fleet – specifically, the impact of the Effluent Guidelines in relation to one of our fossil plants in the Valley.

Please don't hesitate to let me know if you need anything further.

We are looking forward to meeting tomorrow.

Bevin

Tiffany and Brian said not to go so I didn't. This morning I spoke with Rich Bozek about some age/retirement data Anna asked him for and he said that TVA spoke about a range of issues, but with respect to our rule they raised the uniqueness of their once-through systems and the need for either an FDF or some other relief in the regulation. I'm sure Jeff will fill us in with more detail if there was any.

Ron is at ERG today and has been the main contact with TVA. We are pretty knowledgeable about what they will likely communicate. Richard is in the office and could participate to hear the conversation if you would like.

**FIRST TIME YOU UPDATE THE CALENDAR:**

- Download and save attached CSV file. (Excel will ask you if you want to change the format. You do not.) You should rename the file as appropriate for the principal that leads your office, changing “aa” to the acronym for your office or “ra” to your region. (For example: epa-olem-calendar.csv or epa-r1-calendar.csv.)
- Add the events in reverse chronological order, beginning with the first event on the list on row 2.
- Save files. (Please be sure to save as .CSV.)
- Send the files to OWC for posting.

**BI-WEEKLY CALENDAR UPDATES GOING FORWARD:**

- Open the most recent file you sent to OWC.
- Add the events in reverse chronological order, starting after the last event previously added.
- Save files. (Please be sure to save as .CSV.)
- Send the files to OWC for posting.

I may also need you to try and fit in a political level WOTUS meeting (he'll need this before next Wednesday's meeting for sure). Good morning Crystal my name is Justin Maierhofer and I'm the vice president of government relations for the Tennessee Valley Authority.

Congratulations to David on his Senate confirmation.

Our general counsel Sherry Quirk and I will be in Washington next Thursday afternoon and wanted to see if there was a possibility of coming over to EPA to meet with David? Would only need a few minutes to cover an issue that I think he will find interest in discussing.

Thanks for your consideration, Justin

"Both Davids",

On behalf of TVA, we just wanted to circle back around today to say thank you for the opportunity to visit with you yesterday in Washington at EPA. We appreciated your attention to the issues we discussed. David, congratulations again on your Senate confirmation. Crystal, thanks for finding time on David's calendar.

I mentioned it casually yesterday but we'd welcome the chance to host you both in Tennessee to visit some of our facilities, whether it be coal, gas, nuclear or if you even wanted to tour our System Operations Center in Chattanooga and our pumped storage facility at Raccoon Mountain. We enjoy playing host. I know you're both quite busy at the moment but if space opens on your calendar and you can come down for a day or two we could show you around.

Thanks again and look forward to working with you on these issues and more. Don't hesitate to reach out if you have additional questions on anything.

Justin

Hi Samantha,

I'm sorry for the delay in responding. I'm of course very interested in meeting Ms. Quirk. I'm looking at my printed calendar right now in flight and the week looks fairly jammed. I will need to get with my scheduler to see what can get moved, but at the moment Tues @ 5 pm, Wed @ 9 am or 11 am or 5 pm, or Thurs @ 4:30 pm would work. Those are likely 30 minute blocks, maybe a bit longer.

> Samantha - thank you for your note. If Assistant Administrator Ross has specific time slots available for a meeting this week with TVA's General Counsel, Sherry Quirk, regarding TVA's appeal in the Sixth Circuit, please let me know. My understanding is that someone from TVA has already or will be reaching out soon to schedule.
